**Subject:** Quotation for KUVAN (sapropterin dihydrochloride) tablets

Dear Sir/Madam,

Thank you for reaching out to us regarding the availability of KUVAN (sapropterin dihydrochloride) tablets.

Ikris Pharma Network is a global pharmaceutical access facilitator that supports patients, hospitals, clinicians, and researchers in accessing medicines not approved or commercially available in India. Kuvan is currently not approved in India; however, as the authorized distributor of BioMarin, we can assist in importing the product on a named-patient basis.

Please find below the quotation with details, inclusive of a (7+1) pack of 30 tablets promotional scheme:

| S.no.                    | Full description with complete specification | Pack Size | Minimum Order Quantity        | Cost Breakup unit price/pack (INR) | Total price for the required 8 (7+1) Pack quantity |
|--------------------------|----------------------------------------------|-----------|-------------------------------|------------------------------------|----------------------------------------------------|
| 1                        | Tab Kuvan 100 mg<br>(1 Bottle/30 Tablets)    | 1         | 7                             | ₹ 80,640                           | ₹ 5,64,480                                         |
| 2                        | Tab Kuvan 100 mg<br>(1 Bottle/30 Tablets)    | 1         | Free of cost<br>Total 8 Packs |                                    |                                                    |
| 3                        | Custom Clearance and Delivery charges        |           | 1                             |                                    | ₹ 20,000                                           |
| <b>Total Cost in INR</b> |                                              |           |                               |                                    | <b>₹ 5,84,480</b>                                  |
