We see approximately 15-20 cases/month requiring Flexible Bronchoscopy (urgent / elective), indication being foreign body removal an urgent procedure.
Other Indications like Chronic infections with bronchiectasis in Cystic Fibrosis, pulmonary ciliary dyskinesia, primary immunodeficiency, aspiration syndromes, recurrent respiratory infections.

The average cost charges for Bronchoscopy under anaesthesia is Rs.75000
Some of these children cannot afford the costs of this procedure. Hence we are seeking donors to assist them and channel funding through ORDI
